**AQUAREHAB (CANADA) INC. finalizes the sale of its wastewater assets
GROUPE ADE and ESSA-TECH / DISTEAU share the acquisition**

[Laval, Quebec, March 2019] AQUAREHAB (CANADA) INC., Leader in the field of pipeline rehabilitation, announces today that it has finalized the sale of the assets of its Wastewater segment to two companies, GROUPE ADE and ESSA-TECH / DISTEAU.

GROUPE ADE takes possession of the equipment of pneumatic excavation, hydro-excavation, rehabilitation of sewer pipes, clogging as well as cleaning. ESSATECH / DISTEAU, meanwhile, take television inspection equipment (CCTV) and tests of pipes and manholes. Targeted employees were offered a position, according to their specialties, by the acquiring companies.

This sale of assets is part of the implementation of the strategic plan and allows, in addition to the consolidation of AQUAREHAB as a leader in the field of structural aqueduct cladding, to proceed with the geographic expansion of its activities.

The three companies also have a partnership agreement that allows for the exchange of their respective services in order to offer their customers a complete service of superior quality.
